

# FIEUZAL

Grand Cru Classé de Graves

## 2022 VINTAGE

*“Singular”: unique and concerning only one entity... attracting attention by its surprising, strange and curious character.*

It is interesting to note the rich and exquisite appearance of Château de Fieuzal Blanc 2022, with its silvery reflections.

A precise and delicate bouquet offering notes of white flowers marked by acacia, hawthorn and some hints of white peach, evoking memories of childhood.

Reserved on the palate, with strength coming from a very structuring tension that is unexpected in this “hot” vintage.
