

Riesling Auslese 2023

Origin	Getzersdorf/Traisental
Variety	Riesling
Category	Auslese
Analysis	Alc: 8,0 % vol. Acidity: 5,9 g/l Rs: 126,7 g/l
Potential	2024 – 2046

Site	East facing vineyards from the top sites Engelreich and Berg; conglomerate soil with high chalk content
Vinification	Harvested at the 22nd of November. Fermented in stainless steel at 17 ° Celsius
Tasting notes	Strawflowers and hay, very typical varietal character on the nose; dense with notes of caramel; dainty wooden nuances reveal traces of spice, clove cinnamon. This extraordinarily intense offering boasts with such an enormously sweet mellowness. Gorgeously focused and clean.
Serving suggestion	goes best with desserts and cheese
